Overview

Payments of Participant Support will be made through the Accounts Payable module. Participation Support includes payments for participation in vocational training, secondary school training, and other nonacademic programs.

Requirements

The participant must be on the Supplier file. A citizen or resident alien must have a 1099 Supplier site. Nonresident aliens are identified through the Supplier Type field. Withholding groups are used to process tax withholdings for a nonresident alien. The withholding group is attached to the supplier record and flows to the invoice. Taxes are automatically calculated in the Accounts Payable module.

How to Process a Participant Support Payment

Follow this procedure to process a request for payment for Participant Support:

Step	Action
1	Query the Supplier file to see if the participant exists. If the participant does not exist in the Supplier file, request that the supplier be added to the Supplier File. Refer to " Supplier File Updates " for more information.

The invoice can be entered in one of the following ways: <ul style="list-style-type: none">• Load a standard invoice each time you want to make a payment to the participant for the dollar amount you want to issue and approve it when entered.• Load a standard invoice for a total dollar amount to be paid to the participant and approve that invoice. Enter a monthly payment amount and the number of payments up to 12. Each month thereafter a recurring invoice will be created.
