Eligibility

Eligibility for benefits is based on your appointment type (regular, summer-only or student) and whether you work full time or part time. A few benefit programs also take into account whether you are salaried or hourly; some require a minimum annual salary. The benefits described in this *Benefits Quick Reference Guide* are those offered to RF regular employees.

Terms to Know

Regular employee: An RF regular employee is not working in a student title or just in the summer.

Full-time schedule: A full-time schedule is either 37.5 hours per week or 40 hours per week as determined by the campus where you work. In addition (and for purposes of Health Care benefits only), an employee is eligible if such employee is determined to be full time under a method permitted by the Affordable Care Act.

50 percent of full time: Fifty percent of full time is half of a full-time schedule. Depending on how your campus defines a full-time schedule, this may be 18.75 hours or 20 hours per week.

Eligible dependent: Your eligible dependents may include a spouse, domestic partner or child depending on the coverage type.

Health Care

The RF Health Care plan features two Empire Blue Cross Preferred Provider Organization (PPO) plans as well as a selection of Health Maintenance Organizations (HMOs) that are available based on your location.

PPOs: These plans give you the flexibility to visit any health care providers you choose, but visiting in-network providers can save you money and the time associated with filing claims for reimbursement. For most types of care received in-network, you pay only a copayment at the time you receive services. Preventive care services have no copayment.

HMOs: In an HMO, you select a primary care physician who coordinates your care, and the plan only covers care you receive from providers who are part of the HMO, unless you are referred by the HMO to an outside physician or provider. Typically, you are charged a copayment for office visits (except preventive care) and for filling prescriptions.

When you join a Health Care plan you will receive an identification card and member handbook with detailed information about your benefits.

Eligibility

Regular employees working at least 50 percent of full time. In addition (and for purposes of Health Care benefits only), an employee is eligible if such employee is determined to be full time under a method permitted by the Affordable Care Act.

When Coverage Begins

On day 43 from your date of employment or eligibility unless you incur a break in service.

How You and the RF Share the Cost

The RF pays the majority of the cost and you pay your share through biweekly payroll deductions. The RF pays 85 percent of the cost for individual coverage and 70 percent of the cost for dependent coverage. The RF also limits its contribution toward HMO plans to what it pays for the Traditional PPO plan option. So, if you elect an HMO that costs more than the Traditional PPO, you will pay any excess as part of your biweekly payroll deduction. You also are responsible for paying any copayments and coinsurance at the time you receive services.

How to Enroll

To participate, you must enroll at the beginning of employment or at the time you become eligible.

1. Choose a plan.
2. Choose a coverage level [employee only, employee and spouse or domestic partner, employee and child(ren), employee and family (spouse or domestic partner, and children)].
3. Enroll online through Self Service at www.rfsuny.org/selfservice, or if you are unable to enroll via Self Service, complete, sign and submit an RF Benefits Enrollment form (and an HMO Enrollment form, if applicable) to your local campus Benefits Office.

Dental Care

The Dental Care plan, administered by Delta Dental, offers you and your eligible dependents coverage for preventive services (exams and cleanings), basic services (fillings), major services (dentures and bridges) and orthodontics. In this plan, you have the freedom to visit any licensed dentist, but your costs are usually lowest when you see a dentist in the plan's network. Delta Dental dentists will also file claim forms for you and accept payment directly from the plan. Nonparticipating providers will submit a claim to Delta Dental who will reimburse you according to the plan's benefits. You may have to pay for the services first.

Eligibility

Regular employees working at least 50 percent of full time.

When Coverage Begins

For Preventive Care, Basic Care and Orthodontics: Six months from the date of employment or eligibility.

For Major and Prosthodontic Care: 12 months from the date of employment or eligibility.

How You and the RF Share the Cost

The RF pays 90 percent of the cost for individual coverage and 75 percent of the cost for dependent coverage. You pay your share through biweekly payroll deductions. You also are responsible for paying any copayments and coinsurance at the time you receive services.

To enroll, log on to Self Service (www.rfsuny.org/selfservice), or if you are unable to enroll via Self Service, complete, sign and submit an RF Benefits Enrollment form to your local campus Benefits Office.

Vision Care

The Vision Care plan provides quality vision care services and products. The plan is administered by Davis Vision, Inc., and covers the full cost of an eye examination, lenses and frames from the plan selection once in a 24-month period. Contact lenses or optional eyeglass features are also available with a copayment. If you use a provider outside of the plan's network, the plan will pay benefits based on an established schedule. The RF pays the full cost of coverage for this plan.

Eligibility

Regular employees working at least 50 percent of full time.

When Coverage Begins

Six months from your date of employment or eligibility.

How You and the RF Share the Cost

The RF pays the full cost of individual and/or family coverage.

Income replacement benefits begin seven days after the day the disability begins and continue until your physician approves your return to work. If the disability extends beyond 14 days, income replacement benefits will be retroactive to the first day of the disability.

Eligibility

All RF employees.

When Coverage Begins

You are covered as of your first day of active work.

How You and the RF Share the Cost

The RF pays the full cost for this coverage.

How to Enroll

You are automatically enrolled in this benefit.

New York State Short-Term Disability

If you are unable to work for more than seven days because of an eligible off-the-job illness or injury, this coverage pays you 50 percent of your average weekly salary (up to the maximum benefit of \$170 per week) for up to 26 weeks, including time you receive sick leave benefits. However, benefits end if your current appointment ends. If you are eligible for leave under the Family and Medical Leave Act (FMLA), the period of time you are out for that leave runs concurrently with the time period under New York State Short-Term Disability.

To maintain your income level prior to disability, you may charge partial vacation leave accruals while you receive a New York State Short-Term Disability weekly benefit, as long as you remain actively employed by the RF.

No benefits are paid under this coverage for any disability that is the result of injury or sickness sustained during the performance of an illegal act (for example, driving while intoxicated) or any act of war.

The benefit is offset by some other types of insurance and benefits, and all available sick leave benefits must be exhausted before the plan will begin to pay benefits.

Long-Term Disability (LTD) insurance replaces 60 percent of your regular monthly salary, up to a maximum of \$7,500 per month, if a certified total disability prevents you from working for more than 180 continuous days. This amount is offset by other income, such as disability insurance, Workers' Compensation and actual or estimated Social Security benefits. The duration of benefits depends on your age when the disability began. If younger than 59, benefits will end at age 65. If 60 or older, benefits will end at the earlier of five years or when you reach age 70. If age 69, benefits will be paid for one year.

The benefit reduces 10 percent each year, starting at age 70 and continuing to age 74 when the reduction is 50 percent. In the event of your death, your family should contact your campus Benefits Office, which will provide assistance in the claims process. You also should contact the Benefits Office if you survive an accident that results in a serious injury covered by the plan.

Eligibility

You may update your beneficiaries at any time.

Optional Life and Accidental Death and Dismemberment Insurance

Employee Coverage

You may purchase additional coverage through the Optional Life insurance plan in amounts equal to one, two, three, four, five, six or seven times your annual salary (rounded to the next higher \$1,000) not to exceed \$300,000. The combined maximum coverage limit for both Basic and Optional Life insurance is \$350,000 per employee. In the event of your death, your family should contact your campus Benefits Office, which will provide assistance in the claims process. You also should contact the Benefits Office if you survive an accident that results in a serious injury covered by the plan.

Spouse/Domestic Partner Coverage

You may purchase Optional Life coverage for your eligible spouse/domestic partner. (If you are eligible for Optional Life as an employee, you cannot be covered as a spouse/domestic partner.) Premiums are paid on an after-tax basis through payroll deduction. Coverage amounts are \$10,000, \$20,000, \$40,000, \$60,000, \$80,000 or \$100,000, but cannot exceed the amount of your employee coverage. Proof of good health is required for amounts of \$40,000 or higher and for any amount if you elect coverage later than 60 days after initial eligibility, getting married or establishing a domestic partnership. Spouse/domestic partner coverage is subject to a Hospital/Confinement Provision (see page 10).

Child Coverage

You may purchase Optional Life coverage for your eligible dependent children. If both parents are RF employees, the child can be covered by only one parent. (If you are eligible for Optional Life as an employee, you cannot be covered as a dependent child.) One premium provides coverage for any number of dependent children. Premiums are paid on an after-tax basis through payroll deduction.

You can choose coverage from \$2,000 to \$10,000 in increments of \$2,000. Child coverage is subject to a Hospital/Confinement Provision (see below).

Hospitalization/Confinement Provision

If a dependent is hospitalized or confined on the date coverage would otherwise become effective, the effective date will be delayed until the dependent is released from the hospital/confinement. This provision does not apply to a newborn child.

Eligibility

Regular employees working at least 50 percent of full time.

When Coverage Begins

If you are not actively working due to sickness or injury on the date coverage (or any coverage increase) is supposed to take effect, the coverage (or increase) will be delayed until you return to active work.

If you are unable to enroll via Self Service, complete the RF Benefits Enrollment form and, if applicable, the Optional Dependent Life Insurance Enrollment form and/or the Group Life Insurance Evidence of Insurability form. All these forms can be found together in the Enrollment Kit available on the RF Benefits Website or from your campus Benefits Office.

Retirement and Pre-Retirement Benefits

Basic Retirement Plan

The RF helps eligible employees prepare for a financially secure retirement by making contributions to the Basic Retirement plan based on a percentage of their RF earnings. The contribution rate depends on your date of hire as shown below and you own these funds as soon as they are contributed. Contributions are invested in a diversified retirement target date fund, but you can move your balance and redirect future contributions to another fund offered under the plan, if you choose.

DATE OF HIRE	RF CONTRIBUTION RATE
Before January 1, 1981	12% of the first \$16,500 of your annual earnings and 15% of the excess
On or after January 1, 1981, but before July 1, 1992	12% of your annual earnings
On or after July 1, 1992, but before July 1, 1994	9% of the first \$16,500 of your annual earnings and 12% of the excess
On or after July 1, 1994	8% of your annual earnings for the first seven years of eligible service, and 10% thereafter of all amounts

There are some exceptions for employees who have been rehired after a break in service. See the *Research Foundation Benefits Handbook* for details.

Eligibility

Regular employees in active pay status working at least 50 percent of full time are eligible after completing 1,000 hours of service during a year, measured from date of hire (or 975 hours for those with a 37.5-hour full-time equivalent workweek).

When Coverage Begins

Contributions begin after you meet the one-year waiting period. The RF may waive this waiting period if you have enough prior service with another eligible employer, such as SUNY, an accredited college or university, or a bona fide research organization. (Full-time students in an RF student title, members of a collective bargaining unit that has not agreed to participate, leased employees and independent contractors will not be covered.)

How You and the RF Share the Cost

Only the RF contributes to this plan. Employees wishing to make additional contributions can do so under the Optional Retirement plan.

How to Enroll

Enrollment is automatic.

Optional Retirement Plan

Eligible employees can supplement their Basic Retirement plan savings by making biweekly contributions to the Optional Retirement plan. The money contributed to this plan is deducted from pay on a pretax basis and is invested in a retirement annuity or mutual fund account. The default investment is a retirement target date fund, but you can choose other investment funds if you prefer.

Eligibility

All employees except full-time SUNY students appointed in an RF student title.

When Coverage Begins

Deductions begin in the payroll period in which the enrollment is processed by you (via Self Service) or your campus Benefits Office.

How You and the RF Share the Cost

Only you can contribute to this plan.

How to Enroll

Log on to Self Service at www.rfsuny.org/selfservice, or if you are unable to enroll via Self Service, submit a completed RF Salary Reduction Agreement to your campus Benefits Office. You can choose how to invest your contributions before your deductions begin by enrolling online with TIAA (www.tiaa.org/rfsuny).

Phased Retirement

Phased Retirement allows eligible employees to “phase into” retirement by continuing to work part time (minimum 50 percent of full time) while collecting retirement benefits and maintaining full-time benefits. A phased retirement period can last up to three years before full retirement begins. Certain age and service requirements must be met to participate in the Phased Retirement program. Approval of department management and the campus Benefits Office also is required.

Eligibility

Employees who are at least age 55 with at least 10 years of full-time service with the RF (or equivalent in part-time service).

When Coverage Begins

Phased Retirement can begin upon receiving proper approval and meeting age and service requirements.

How You and the RF Share the Cost

The RF and employees continue to pay the same share of benefit programs as before phased retirement.

How to Enroll

The employee must complete a Phased Retirement Application and Agreement, which must be approved by the supervisor/manager, the principal investigator or department head, and the campus Human Resources Office.

Retiree Health Plan

After you retire, if you meet the eligibility requirements and pay the required premium, the RF will continue your group Health Care coverage until you reach age 65 and become eligible for Medicare.

At age 65, you will be eligible to enroll in Medicare supplemental medical and prescription drug benefits. The RF will make an annual contribution to a Health Reimbursement Account (HRA) for most retirees to help pay for these premiums. The HRA also can be used for other eligible health care expenses, including deductibles, copays, and coinsurance.

Eligibility

Regular employees who are enrolled in an RF Health Care plan, are at least age 55 and have at least 10 years of full-time equivalent service.

When Coverage Begins

Coverage will continue into retirement without interruption.

How You and the RF Share the Cost

The amount you pay for the coverage is based on your hire date and years of service.

How to Enroll

You will be given instructions as part of the retirement process at your location.

Deferred Compensation Plan

This plan provides eligible employees an additional way to supplement their retirement savings with pretax, biweekly contributions as defined under Section 457(b) of the Internal Revenue Code.

Eligibility

Federal rules restrict participation to employees with certain titles and earnings.

When Coverage Begins

Deductions begin in the first payroll period of the month following the date on which the enrollment form is received. For example, if your form is received any time in September, your deductions would begin in the first payroll period of October.

How You and the RF Share the Cost

Only you can contribute to this plan.

How to Enroll

Ask your campus Benefits Office if you are eligible for this plan. If you are, they can provide you with instructions on how to enroll.

Work/Life Benefits

Flexible Spending Accounts

Flexible Spending Accounts (FSAs) can help you save money by allowing you to pay for uncovered medical care and dependent care costs with money deducted from your pay on a pretax basis. There are two different FSAs that cover different types of expenses. Funds cannot be transferred between these two accounts.

The Health Care FSA lets you set aside up to \$2,550 each year on a pretax basis to pay for eligible health, dental and vision care expenses incurred by you and your eligible dependents. Expenses incurred by a domestic partner are not considered eligible unless he or she qualifies as your dependent under the IRS code.

The Dependent Care FSA lets you set aside up to \$2,500 or \$5,000 each year (depending on your tax filing status) on a pretax basis to pay for eligible dependent care expenses that are necessary to allow you to work or go to school full time. Eligible expenses include child day care, adult day care, pre-school and summer day camps. Health care expenses for your eligible dependents cannot be paid with this account. Use the Health Care FSA described above for these expenses. If you enroll in a Dependent Care FSA, the RF will contribute an annual lump-sum subsidy of \$300 to \$800 to your account based on your full-time equivalent income.

Eligibility

Salaried non-student employees working at least 50 percent of full time and expected to be employed at least one year.

When Coverage Begins

Six months after your date of employment or eligibility.

How to Enroll

Enroll by logging on to Self Service within 60 days of hire or date of eligible employment. If you are unable to enroll via Self Service, complete the Flexible Spending Account Enrollment form available on the RF Benefits Website, or from your campus Benefits Office.

Paid Leave

The RF offers 12 paid holidays per year. In addition, eligible RF employees earn accruals for the following types of paid leave based on their date of hire, position classification and employment status:

- Vacation, which can be used after a six-month waiting period;
- Sick Leave to take time off for an illness, a doctor/dentist appointment or to care for an ill family member; and
- Personal Leave to take time off for personal or family reasons other than illness.

- Military Leave provides employees who are called to active military duty with up to 22 workdays or 30 calendar days (whichever is greater) of paid leave during any one calendar year or any continuous period of military service. After that period, accrued time off may be used to supplement income.
- Unpaid Leave enables eligible employees to take time off from work due to a disability, to care for a child or for other personal reasons.

Eligibility

All RF employees are eligible for Jury Duty Leave and Military Leave.

College Savings Program

This benefit allows RF employees to set aside up to \$5,000 per year (\$10,000 per year for a married couple) to pay for the higher education expenses of a specific beneficiary, including yourself.
