2013 OPERATING PLAN

Mid-year Supplement

Date: March 1, 2013

Executive Summary

Overview

Six months into the 2013 Operating Plan approved in April, we have taken a midyear pause to assess our direction and ensure the work we dedicate our resources to in the remainder of the year supports the needs of our customers and the direction of “the new RF.”

Accomplishments

Our goals back in July were ambitious and I am happy to say we’ve accomplished so much already, with four months still left to go. We put forth an ambitious action plan for SUNY research that included many layers of activity, from setting up the Research Council as an advisory body, to launching funding programs to advance collaboration and commercialization, to writing system-wide proposals to obtain large awards, to reaching out to our customers in the business community to find out how SUNY’s research and innovation infrastructure can help accelerate business growth and create jobs in New York.

Refer to Appendix A for details on what we’ve accomplished.

Action Agenda

The Action Agenda for the remainder of the year takes into account a thorough review and prioritization of work. To assess progress, we met with all key stakeholders, reviewed the current portfolio of projects and initiatives to identify what we’ve accomplished, what is in progress, and what has not yet been started, and we conducted an environmental scan that helped guide the changes to the original plan.

The three tables in this document outline our action agenda for the rest of fiscal year 2013 (March 1 - June 30). Beginning July 1 the 2014 Operating Plan, under development now, will continue our important work.

The specific changes we’ve made to the plan are detailed in Appendix B.

Financials

The midyear review included an in-depth review of the central office operating budget to identify savings from operations, investments, facilities, and the reduction in scope of some initiatives. The additional funds have been redirected to the Enhancing STEM Research Experiences for SUNY Undergraduates pilot and launching four SUNY Networks of Excellence (see page 4).

Refer to appendix C for the January Operating Plan financials.

2013 Action Items (January 1 – June 30)

The following sections outline the actions, by strategic goal, that the RF will devote resources to in the remaining four months of fiscal year 2013.

RF Strategic Plan Goal 1: Provide outstanding sponsored program administration services and stewardship to the SUNY community (faculty, students and staff) and sponsors, respectively.

Initiative	Objective	FY 2013
Improve tools to assist campus customers		
Streamlined Effort Reporting System	Simplified administration for faculty researchers and scholars and compliance through accuracy and education.	Implementation of electronic effort reporting tool (ecrt) by June 2013
Reporting Dashboards	Easier access for principal investigators to access and manage their sponsored grants and contracts.	PI dashboard pilot rolled out to University at Buffalo by June 2013. The pilot will also be available to other campuses interested in testing the dashboards.
Enterprise Applications and Infrastructure Upgrade	Responsive IT service that supports research innovation and growth	Oracle R12 upgrade work – solution design, development and testing and conference room pilot (CRP)
Hardware Upgrade		New Hardware in place by May 15, 2013.
NEW: Faculty Access to Tools and Data		Solution in place for Effort Reporting and PI reporting dashboard.
Website Redesign	Improved ability for potential partners to access SUNY assets and learn more about SUNY research; Provide faculty and administrators with improved access to tools and information to accomplish their work.	Launch project to redesign public website and implement a new content management system.
Strengthen compliance in cooperation with SUNY System Administration		
NEW: Research Integrity	Support the SUNY Board of Trustees Research and Economic Development Committee focus on integrity guidelines, especially as it relates to SUNY Centers and Institutes and industry-sponsored	Publish policy on research integrity.

Initiative	Objective	FY 2013
	research.

NEW: Operations Managers (OM) Evaluation		Complete pilot program to evaluate OM performance; discuss with OMs at May 1 OM retreat
Internal Controls Testing	Strengthen the RF's control environment	Support development, review, and analysis of annual internal controls testing for the campuses for key financial functions.

RF Strategic Plan Goal 2: *Assist campuses in increasing sponsored program funding.*

Initiative	Objective	FY 2013
Support SUNY programs to increase research		
SUNY Research Council	Increased competitive SUNY research proposals to federal and other funding agencies	Meet and advise
NEW: Faculty Travel Grant Program Pilot	Increased competitive SUNY research proposals to federal and other funding agencies	Launch program to fund faculty travel to federal agencies
NEW: Networks of Excellence	Bring together faculty and facilities from across the SUNY system to advance research and educational excellence in areas of strategic interest.	Launch: <ul style="list-style-type: none"> • SUNY 4E • SUNY Health Now • SUNY Neuroscience • SUNY Materials and Advanced Engineering
NEW: Enhancing STEM Research Experiences for SUNY Undergraduates Pilot	Enhance undergraduate experience and connection to Science, Technology, Engineering, and Mathematics (STEM) research as keys to both state workforce training and high-technology economic development.	Redeploy \$300,000 savings in operations to campuses for the specific purpose of offering opportunities for SUNY undergraduate students to participate in STEM research projects, programs, and initiatives at SUNY locations.

RF Strategic Plan Goal 3: *Increase technology transfer and commercialization in support of SUNY's efforts to revitalize New York's economy.*

Initiative	Objective	FY 2013
Increase access to SUNY's assets		
Technology Accelerator Fund: Class of 2012	Launch new businesses from SUNY technologies	Continue work on Class of 2012 awards.
Technology Accelerator Fund: Class of 2013		Finalize class of 2013 application and guidelines and accept proposals. Proposal submission deadline is March 15, 2013 and funding decisions will be made no later than May 10, 2013.
Entrepreneur-in-Residence (EIR) Program	Valuable real-world knowledge and expertise infused into SUNY's entrepreneurial environment, helping the next generation of startup leaders and companies	Launch program funding EIRs at campuses that apply and are approved for the program.
Inventor Portal (Inteum)	Rapid disclosure of new technologies	Portal will be implemented for University at Buffalo by February 28; system in place to implement at all campuses
NEW: SUNY Innovation Showcase	Create greater connectivity among New York State university innovation-based start-ups, seed stage funders, entrepreneurship supporters and enablers, and the venture and angel investment community	In partnership with the SUNY Levin Institute, select the best early stage SUNY-related innovation based companies and host an event in June at which they will present to Innovate New York Fund investors, angel investors, and venture capital firms.
NEW: Innovation NY Network Listening Session	Transfer technology from academia to commercialization	Host a "listening session" in Spring 2013 for thought leaders from higher education, government, the investment community, and business from within and outside of New York State to share their vision of what the Innovation NY Network should be.

Appendix A: Fiscal Year 2013 Accomplishments

In the first six months of President Tim Killeen’s tenure, the RF accomplished the majority of items on his draft action plan presented in September:

The slide features a background of overlapping circles in shades of green and blue. In the top right corner, the SUNY RF logo is displayed, consisting of the text 'SUNY RF' in a large font, with 'The Research Foundation for The State University of New York' in a smaller font below it. The main title 'DRAFT Action Plan for SUNY Research' is centered in a white box. Below the title, two columns of bullet points list accomplishments, each preceded by a checkmark. The first column includes items like 'SUNY Research Council', 'Governor’s Task Forces', and 'Integrate research and education'. The second column includes 'Graduate Student Fellowships', 'NYSERDA Proof of Concept Center (POCC)', and 'Patents and Inventions Policy Board (PIPB)'. A sub-bullet under 'Integrate research and education' lists 'Data Analytics'. A sub-bullet under 'Facilitate SUNY Asset conversations (incubators)' lists 'Launch iNY (Innovate NY) project'. A sub-bullet under 'Enhance SUNY Asset Map' lists 'SUNY Regional Innovation Hubs'.
