

Benefits Bulletin

Retirees / October 2021

Open Enrollment Is **November 1 – 30**

If you are a retiree or an eligible dependent of a retiree and you are not eligible for Medicare, your current RF benefits will continue for 2022 unless you make changes during open enrollment, or become eligible for Medicare in 2022.

Your new choices, if applicable, are effective January 1, 2022. You will receive your new billing coupons with your 2022 monthly premiums in December.

What You Need to Know

Do you need to make changes to your RF benefits?

You only need to take action during Open Enrollment if:

- You want to waive RF Health Care coverage (please note, if you waive coverage, you may not enroll in the future),
- You want to change health care plans, or
- You want to remove dependents from your health plan.

You can change your health insurance carrier.

To change your health insurance carrier, get the RF Benefits Enrollment Form from the RF Benefits website (www.rfsuny.org/retirees), or from RF Benefits Services (address is on [page 5](#)).

You cannot add dependents.

Dependents cannot be added to Retiree Health Care coverage for any reason.

RF Retiree Benefits Plan

For Medicare-eligible retirees and their Medicare-eligible dependents

Here's how the program works for Medicare-eligible retirees and their Medicare-eligible dependents age 65 and older.

Plan Choices

You can choose from a wide variety of health plans through the Aon Retiree Health Exchange™. You can keep your same medical plan provider for 2022 or you can change it – the choice is yours.

Health Reimbursement Account (HRA)

To help pay for health coverage, the RF will make an annual contribution to an HRA for most Medicare-eligible retirees and/or their Medicare-eligible spouse or domestic partner.

Medicare-eligible retirees and their Medicare-eligible spouse or qualifying domestic partner each get their own HRA and HRA funding (if eligible). This provides the greatest flexibility and allows them to enroll in different health plans, if they want.

How HRA Funds Are Used

Participants can use HRA funds for their individual Medicare Supplement, prescription drug or Medicare Advantage plan premiums, as well as other eligible out-of-pocket costs, like copays and deductibles.

Remember, if you waive coverage, you cannot re-enroll. Dependents cannot be added to Retiree Health Care coverage for any reason.

If you will become eligible for Medicare in 2022, you will receive an education packet from Aon Retiree Health Exchange as you get closer to Medicare eligibility. The packet contains complete information about obtaining health care coverage. Annual HRA contributions are pro-rated based on the date you become Medicare eligible.

2022 HRA CONTRIBUTIONS	ANNUAL RF CONTRIBUTION

Annual Notices

Annual Notice of Women’s Health and Cancer Rights Act

Did you know that the Women’s Health and Cancer Rights Act of 1998 requires that all RF health plans provide benefits for mastectomy-related services?

Services include all stages of reconstruction and surgery to achieve symmetry between the breasts, fashion prostheses and correct complications resulting from a mastectomy, including lymphedemas.

For more information, refer to the Benefits Handbook, available from the RF Benefits website (www.rfsuny.org/benefits) under “Quick Links” or from your campus Benefits Office.

Reminder of Health Plan Privacy Practices

There is a “Notice of Privacy Practices” that describes how protected health information (PHI) may be used or disclosed by your group health plan to carry out payment, for health care operations and for purposes that are permitted or required by law. This notice also sets out legal obligations of the RF concerning your PHI and describes your rights to access and control it.

You can access this notice on the RF Benefits website (www.rfsuny.org/benefits – *Health Insurance > Legal Notices*) or you may request a paper copy of the notice from your campus Benefits Office.

Specialty Pharmacy Copay Assistance Program

The Research Foundation for SUNY is implementing a specialty pharmacy copay assistance program for PPO enrollees.

Please note that there are certain specialty pharmacy drugs that are considered non-essential health benefits under the plan and the cost of these drugs will not be applied toward satisfying the participant’s out-of-pocket maximum. Although the cost of these drugs will not be applied towards satisfying a participant’s out-of-pocket maximum, the cost of the drugs will be reimbursed by the manufacturer at no cost to the participant. A listing of these drugs can be found at www.express-scripts.com.

Copays for certain specialty medications may be set to the max of the current plan design or any available manufacturer-funded copay assistance.
