BE ACCURATE.

Be accurate.

From CNN:

In his opinion, Chief Justice Roberts initially said that the individual mandate was not a valid exercise of Congressional power under the Commerce Clause. CNN reported that fact, but then wrongly reported that therefore the court struck down the mandate as unconstitutional. However, that was not the whole of the Court's ruling. CNN regrets that it didn't wait to report out the full and complete opinion regarding the mandate. We made a correction within a few minutes and apologize for the error.

██████████ Hi ██████████, i guess you forgot about adding me on here?
Firstly, don't flatter yourself. Secondly, you've worked here 5 months and didn't work out that i'm gay? I know i don't prance around the office like a queen, but it's not exactly a secret. Thirdly, that 'sh#* stuff' is called your 'job', you know, what i pay you to do. But the fact that you seem able to f#*k-up the simplest of tasks might contribute to how you feel about it. And lastly, you also seem to have forgotten that you have 2 weeks left on your 6 month trial period. Don't bother coming in tomorrow. I'll pop your P45 in the post, and you can come in whenever you like to pick up any stuff you've left here. And yes, i'm serious.
